**Subject: APEC Survey to develop ‘Standards Professional Development’**

The APEC Sub-Committee on Standards and Conformance (SCSC) is undertaking a project, led by Korea, to define next generation of standards professional, future human resources in the area of standards and conformity assessment, so as to improve the competitiveness of the APEC member economies.

APEC has commissioned the Korean Agency for Technology and Standards (KATS) with support from Korean Standards Association (KSA) to conduct the project. The objectives of this project questionnaire are:

- To define what ‘standards professional’ – covering standards and conformance, with a focus on ‘documentary standards’
- To identify current & future competence requirements for standards professional both in standards-specialty organizations and companies
- To share recommendations for the discussion in the APEC Subcommittee on Standards and Conformance (SCSC) to inspire standards professional

On behalf of the APEC SCSC member economies, we are writing to invite you to participate in this important initiative. Attached please find a survey questionnaire as a starting point for the project. We worked to simplify the survey questionnaire so it can be completed within modest amount of time. You are cordially requested to respond **no later than March 31, 2014**, six weeks after the 2014 SCSC I meeting.

Thank you in advance for your contribution. If you have questions or suggestions, please contact Korea at by email [stannovation@gmail.com](mailto:stannovation@gmail.com) or by phone +82-2-6009-4850.
